110 ANNI UNA STORIA DI PASSIONE PER LA CARTA

110 YEARS, A HISTORY OF PASSION FOR PAPER

Nell'aprile del 1914, con una lettera in francese, Saul Sadoch comunicava ufficialmente l'apertura a Trieste della sua *"ditta di commercio, che si occuperà di importazione ed esportazione in generale, e in particolare del commercio di carta, cartone e di tutti gli articoli inerenti a questo settore"*.

Sono trascorsi più di 110 anni da quel giorno e oggi la Saul Sadoch S.p.A. Rex Prodotti Cartotecnici - giunge a questo prestigioso traguardo ricca di un'intensa storia imprenditoriale che ha visto tre generazioni della famiglia Sadoch - presente ormai anche la quarta - avvicinarsi nella conduzione dell'azienda.

Una storia fatta essenzialmente di passione e dedizione al lavoro, di scelte e innovazioni coraggiose grazie alle quali l'azienda ha saputo cogliere negli anni le opportunità offerte dall'evoluzione dei tempi e dei mercati diventando un punto di riferimento nazionale e internazionale nel mercato dei prodotti per il confezionamento dei regali, degli articoli per fumatori e dei tovagliolini monouso.

In April 1914, with a letter in French, Saul Sadoch officially communicated the opening of his "trading firm, which will deal with import and export in general, and in particular the trade of paper, cardboard and all the articles related to this sector".

More than 110 years have passed since that day, and today Saul Sadoch S.p.A. Rex Prodotti Cartotecnici - comes to this prestigious milestone full of an intense entrepreneurial history that has seen three generations of the Sadoch family - the fourth is now already present - take turns in running the company.

A history made essentially of passion and dedication to work, of courageous choices and innovation thanks to which the company has been able to seize over the years the opportunities offered by the evolution of times and markets, becoming a national and international reference point in the market for gift wrapping products, smoking articles and disposable napkins.

PRODUZIONE propria

Tutti i nostri prodotti sono realizzati e confezionati all'interno degli stabilimenti di proprietà sul territorio italiano.

Il principale è situato a Trieste e dispone di oltre 35.000 mq coperti.

La lavorazione della carta si avvale di impianti di stampa in rotocalco fino a 7 colori ad alta produttività, fino a 300 metri al minuto.

All our products are manufactured and packaged within our own facilities in Italy. The main one is located in Trieste and covers over 35,000 square meters of indoor space.

Paper processing makes use of up to 7-color rotogravure printing equipment that allows a very high-productivity, up to 300 m per minute.

Efficienza e sostenibilità

Efficiency and sustainability

Un'impresa moderna, efficiente ed ecosostenibile, con macchinari all'avanguardia alimentati da energia elettrica proveniente da **sei impianti fotovoltaici** - il primo nel 2007 - che rendono l'azienda autosufficiente da un punto di vista energetico, producendo il 118% dell'energia consumata, con una riduzione di CO₂ di circa 257 tonnellate all'anno. L'Azienda è dotata anche di un **sistema di recupero di tutti gli scarti di produzione**, avviati interamente al riciclo, che consente inoltre una gestione dei rifiuti nel massimo rispetto dell'ambiente.

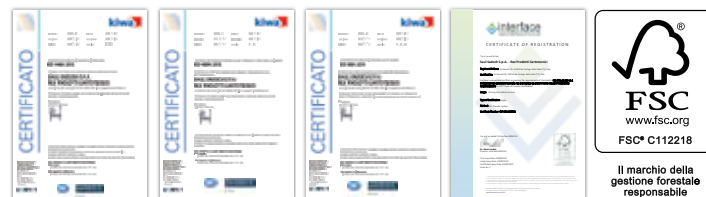

*A modern, efficient and eco-sustainable company, with state-of-the-art machinery powered by electricity from **six photovoltaic plants**, the first installed in 2007. This makes the company energy self-sufficient, producing 118% of the energy it consumes, and reducing CO₂ emissions by approximately 257 tons per year. The internal **system for recovering all production waste**, entirely sent for recycling, also ensures waste management with the utmost respect for the environment.*

Affidabilità

Reliability

La **grande capacità produttiva**, unita a vasti spazi per l'**immagazzinaggio delle merci**, rappresentano un valore aggiunto e una garanzia di affidabilità e disponibilità dei prodotti, che si traduce in un **servizio altamente efficiente** e tempestivo. Grazie a questo, siamo in grado di garantire una gestione ottimale delle scorte, riducendo al minimo i tempi di attesa e rispondendo con la massima flessibilità alle esigenze dei nostri clienti.

*The **large production capacity**, combined with **vast storage spaces for goods**, represents an added value and a guarantee of product reliability and availability. The result is ensured in a **highly efficient and timely service**, an optimal inventory management, minimized wait times and responds with maximum flexibility to the needs of our customers.*

COLLEZIONE CARTA ERBA

GRASS PAPER COLLECTION

Innovativa ed ecosostenibile, la linea si compone di carta e borse regalo realizzate con carta erba. Ottenuta dal 25% di fibre di erba essiccata e dal 75% di carta riciclata 100%, permette di risparmiare in fibra di cellulosa da legno e quindi di abbattere meno alberi e ridurre le emissioni di CO₂ lungo tutto il processo.

Caratterizzata da una leggera profumazione di fieno, ha un carattere e una struttura particolarmente naturale.

Innovative and eco-friendly, this line is composed by gift wrapping paper and gift bags made from grass paper. This paper – made of 25% dried grass fibers and 75% of 100% recycled paper – allows to save wood cellulose fiber and therefore to cut fewer trees and to reduce CO₂ emissions throughout the whole process.

Characterized by a light scent of dried grass, it has a very natural character and structure.

CARTA REGALO ERBA

GIFT WRAPPING GRASS PAPER

L'alta produttività delle macchine da stampa con tecnologia rotocalco si traduce in una grande capacità produttiva e flessibilità, con il risultato di un miglior servizio al cliente.

La carta regalo, prodotta da bobina di carta vergine a bobina stampata di migliaia di metri, viene poi trasformata in fogli e rotoli di varie dimensioni e confezionata in unità di vendita adatte per qualsiasi esigenza dei canali distributivi.

The high productivity of the rotogravure printing technology allows high production capacity and consequently maximum flexibility in customer service.

The gift wrap paper is made of virgin paper and printed in jumbo rolls, then converted into sheets and rolls of different sizes and in any sales unit designed to suit the different needs of distribution channels.

COLLEZIONE ECOCARTA

ECOCARTA COLLECTION

Da più di 10 anni la collezione ecoCarta - prodotta con carta riciclata al 100% - rappresenta l'ideale combinazione tra ecosostenibilità e creatività grazie all'integrazione tra qualità, innovazione, design, strumenti espositivi e naturalmente rispetto dell'ambiente.

Pacchetti regalo completamente "ecologici", anche grazie ai nastri Brizzolari, realizzati utilizzando la stessa ecoCarta o PPL riciclato e arricchiti dai segnapacchi Ellebi di carta riciclata al 100%.

For more than 10 years, EcoCarta collection, made by 100% recycled paper, represents the ideal combination of sustainability and creativity through great integration between quality, innovation, design, displays and the environment.

Eco-friendly gift packages also thanks to Brizzolari ribbons, made of the same ecoCarta or recycled PPL, and enhanced by Ellebi's 100% recycled paper gift tags.

CARTA REGALO

GIFT WRAPPING PAPER

La nuovissima collezione di carta regalo è fortemente diversificata e caratterizzata con nuovi stili grafici, cromatismi, finiture e tematiche che seguono le tendenze più attuali del mondo del design. La carta regalo - prodotta nello stabilimento di Trieste con sistema di stampa rotocalco - è realizzata su diversi supporti cartacei che vanno da una speciale carta patinata con alta grammatura e consistenza superiore, alla classica patinata, dalla carta millerighe kraft fino alla carta Hot Metal con i suoi eleganti giochi di luce.

The new gift paper collection is highly diversified and characterized by new graphic styles, chromatisms, finishes and themes that follow the most up-to-date international design trends.

Gift wrapping paper - produced by a rotogravure printing system at the Trieste plant - is printed on different kind of paper: from a special coated paper with higher weight and thickness, to the standard coated paper, from kraft paper till to Hot Metal paper with its stylish light effects.

CARTA REGALO

GIFT WRAPPING PAPER

L'alta produttività delle macchine da stampa con tecnologia rotocalco si traduce in una grande capacità produttiva e flessibilità, con il risultato di un miglior servizio al cliente.

La carta regalo, prodotta da bobina di carta vergine a bobina stampata di migliaia di metri, viene poi trasformata in fogli e rotoli di varie dimensioni e confezionata in unità di vendita adatte per qualsiasi esigenza dei canali distributivi.

The high productivity of the rotogravure printing technology allows high production capacity and consequently maximum flexibility in customer service.

The gift wrap paper is made of virgin paper and printed in jumbo rolls, then converted into sheets and rolls of different sizes and in any sales unit designed to suit the different needs of distribution channels.

La licenza Disney rappresenta dal 1982 un grande punto di forza grazie ad un parco di personaggi unici al mondo.

La magia del mondo Disney evoca in tutti noi valori positivi senza tempo e senza età che si incarnano nelle collezioni di carta e borse regalo, biglietti, segnapacchi e inviti alle feste caratterizzati da creatività, originalità, cura nei dettagli e qualità di stampa "Made in Italy".

Since 1982 our partnership with Disney is a great asset thanks to unique characters featured by highest worldwide awareness on all targets.

Disney magic transmits positive values also through the collections of paper and gift bags, greeting cards and party invitations characterized by great creativity, originality, care for details and quality "made in Italy".

CARTA REGALO

GIFT WRAPPING PAPER

L'alta produttività delle macchine da stampa con tecnologia rotocalco si traduce in una grande capacità produttiva e flessibilità, con il risultato di un miglior servizio al cliente.

La carta regalo, prodotta da bobina di carta vergine a bobina stampata di migliaia di metri, viene poi trasformata in fogli e rotoli di varie dimensioni e confezionata in unità di vendita adatte per qualsiasi esigenza dei canali distributivi.

The high productivity of the rotogravure printing technology allows high production capacity and consequently maximum flexibility in customer service.

The gift wrap paper is made of virgin paper and printed in jumbo rolls, then converted into sheets and rolls of different sizes and in any sales unit designed to suit the different needs of distribution channels.

Dal fantastico mondo dei fumetti tutta l'energia dei Supereroi Marvel in una coloratissima linea di carta e borse regalo, biglietti d'auguri, segnapacchi e inviti alle feste.

Spiderman e gli Avengers rappresentano un parco di personaggi unici al mondo con una enorme notorietà a livello mondiale su tutti i target, in particolare quello maschile.

From the wonderful world of comics the Marvel Superheroes sign a new range of colourful gift wrapping paper, bags, greeting cards, gift tags and party invitations.

Spiderman and the Avengers are a fleet of unique characters in the world featured by a huge popularity in all consumer targets.

CARTA REGALO

GIFT WRAPPING PAPER

L'alta produttività delle macchine da stampa con tecnologia rotocalco si traduce in una grande capacità produttiva e flessibilità, con il risultato di un miglior servizio al cliente.

La carta regalo, prodotta da bobina di carta vergine a bobina stampata di migliaia di metri, viene poi trasformata in fogli e rotoli di varie dimensioni e confezionata in unità di vendita adatte per qualsiasi esigenza dei canali distributivi.

The high productivity of the rotogravure printing technology allows high production capacity and consequently maximum flexibility in customer service.

The gift wrap paper is made of virgin paper and printed in jumbo rolls, then converted into sheets and rolls of different sizes and in any sales unit designed to suit the different needs of distribution channels.
